

## ENDORSEMENT

I can think of no more qualified of a leader for State Senate than my dear friend Wendy Rogers. She served her country for 20 years as one of the first female pilots in today's Air Force and has masterfully built her small business to be a the best in the home inspection industry in Arizona. She is a wonderful mother, a good listener, and a real connector to the thousands of folks she has met going door to door on her bicycle. I consider it a privilege to endorse her to be our next State Senator to represent south Scottsdale and Tempe.

Onnie Shekerjian  
Tempe City Councilwoman
