

ENDORSEMENTS

Arizona needs new and thoughtful business people in government to help our state grow out of this recession and away from "more of the same". I endorse Wendy Rogers because she has raised a family, had a distinctive 20-year military career as an Air Force pilot, and now has owned a successful private business in Arizona for the past 13 years. She knows the business world and will be an asset for LD 17 and for all of Arizona.
