

Dear Friends:

I am still keenly interested in serving District 17 of our great state of Arizona. Tempe and Scottsdale are home to good people. For our kids, we want safe schools with no drugs, gangs or bullying . . . a place where they want to learn and prosper. We deserve a state government that exercises sound stewardship of our hard-earned money. We want to keep more of what we earn. We want to finish a hard day's work, sleeping well knowing we are safe and secure. Please join me as a part of a movement to make our Tempe, our Scottsdale, our Arizona one of the best places to live in this great country. I bring the same principles that I've practiced in every part of my life from social work, piloting Air Force jets, raising two wonderful children, to running a successful local business. I work hard. I follow through. I am a Republican. Get to know me on this site; meet me in person; ask questions so that together we can serve Arizona.

I can give one of the following talks to your group, if you'd like to give me a call at 480-529-9891.

- My Air Force Flying Experiences - - Women in non-traditional careers
- Starting a Small Business and Making it Successful Long-term
- Servant Leadership
- Running a Strong Ground-Operation Campaign
- Motivating Volunteers
- Educational Choices Facing Parents
- What it Takes to Get into our Nation's Service Academies
